

4Runner in Imperial Jade Mica

THERE'S NOTHING LIKE A LITTLE ALTITUDE TO KEEP YOU GROUNDED.

Pack your bags and head for the nearest mountaintop. Another weekend of high adventure awaits. Imagine — no phones, strip malls or crowds of people. The rugged 2002 4Runner gives you the leverage to do the things you love to do — and do them in style. Things like hiking, biking or climbing. And why not? You've got everything you need: a powerful V6 engine, Traction Control (TRAC),¹ Vehicle Skid Control (VSC),² a tank of gas and an appetite for elevation that will take you just about anywhere the road goes. Or doesn't.

¹4-wheel Traction Control in 4WD only. Rear-wheel Traction Control in 2WD mode.

²See Standard Features page for more information on Vehicle Skid Control (VSC).

STANDARD FEATURES

SR5

- Premium 3-in-1 AM/FM ETR/Cassette/CD with 6 speakers, FM diversity reception and power antenna
- Power windows with driver and front passenger auto up/down with pinch protection

Limited standard 5-spoke 16" aluminum alloy wheel

- Dual visor vanity mirrors with driver and passenger-side illumination
- HomeLink®⁵ universal transceiver
- Wood-grain-style trim
- Defroster-linked CFC-free automatic climate control with digital display
- Anti-theft system with engine immobilizer

¹Toyota Vehicle Skid Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your Owner's Manual for further details.

²4-wheel Traction Control in 4WD only. Rear-wheel Traction Control in 2WD mode.

³Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

⁴Available only with SR5 Chrome Package.

⁵HomeLink® is a registered trademark of Johnson Controls, Inc.

*The Toyota driver and front passenger air bags are Supplemental Restraint Systems (SRS). The driver and front passenger air bags are designed to inflate in a severe frontal collision. In all other accidents, the air bags will not inflate. To decrease the risk of injury from a deploying air bag, always wear seatbelts and sit upright in the middle of the seat as far back as possible from the air bag modules. Do not put objects in front of an air bag. Do not use rearward-facing child seats in any front passenger seat. The force of a deploying air bag SRS may cause serious injury or death. Please see your Owner's Manual for further instructions.

All information presented herein is based on data available at the time of printing, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only (may differ in the state of Hawaii, Puerto Rico, the U.S. Virgin Islands and in other regions).

2WD	17/19		17/19	
4WD	16/19		16/19	

⁴See Standard Features page for more information on Brake Assist.

⁵See Standard Features page for more information on Vehicle Skid Control (VSC).

⁶4-wheel Traction Control in 4WD only. Rear-wheel Traction Control in 2WD mode.

⁷Includes weight of occupants, equipment and cargo.

⁸Do not exceed the Gross Combined Weight Rating (GCWR) for your vehicle. For each model, a Class III receiver hitch and sway control device are either required or recommended additional equipment. See your Toyota dealer for GCWR limits, additional required equipment and a copy of the Toyota Trailering Guide.

⁹Preliminary mileage estimates determined by Toyota. Final EPA mileage estimates not available at time of printing. See your Toyota dealer for details.

Some vehicles shown with available equipment.

Toyota 4Runners are designed to meet most off-road driving requirements. Abusive use may result in bodily harm or damage. Toyota encourages responsible operation to protect you, your vehicle and the environment.

Seatbelts should be worn at all times. Please do not allow passengers to ride in the cargo area. Towing receiver hitches/ball mount kits are not intended to provide crash protection.

For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer.

A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

Specifications, standard features and available equipment are based upon information available at the time of printing, are subject to change without notice, are for mainland U.S.A. vehicles only and may differ in the state of Hawaii and in other regions.
