*This vehicle eBrochure is designed to identify vehicles commonly available in your area. If you would prefer to purchase a vehicle with no options or additional options, please contact your local dealer to check for current availability or the possibility of placing an order for such a vehicle.

**Manufacturers Suggested Retail Price, excludes the Delivery, Processing and Handling Fee of \$750 for Cars, \$800 for Small/Medium Trucks (Sienna, RAV4, Highlander Gas, Highlander HV, FJ Cruiser, 4Runner, Tacoma, and Land Cruiser), and \$950 for Large Trucks (Tundra and Sequoia). Historically, vehicle manufacturers and distributors have charged a separate fee for processing, handling and delivering vehicles to dealerships. Toyotas charge for these services is called the "Delivery, Processing and Handling Fee" and is based on the value of the processing, handling and delivery services Toyota provides as well as Toyotas overall pricing structure. Toyota may make a profit on the Delivery, Processing and Handling Fee. Excludes taxes, license, title and available or regionally required equipment. The Delivery, Processing and Handling Fee in AL, AR, FL, GA, LA, MS, NC, OK, SC and TX will be higher. Actual dealer price will vary.

*** 2010 EPA-estimated mileage. Actual mileage will vary.

**Manufacturers Suggested Retail Price, excludes the Delivery, Processing and Handling Fee of \$750 for Cars, \$800 for Small/Medium Trucks (Sienna, RAV4, Highlander Gas, Highlander HV, FJ Cruiser, 4Runner, Tacoma, and Land Cruiser), and \$950 for Large Trucks (Tundra and Sequoia). Historically, vehicle manufacturers and distributors have charged a separate fee for processing, handling and delivering vehicles to dealerships. Toyotas charge for these services is called the "Delivery, Processing and Handling Fee" and is based on the value of the processing, handling and delivery services Toyota provides as well as Toyotas overall pricing structure. Toyota may make a profit on the Delivery, Processing and Handling Fee. Excludes taxes, license, title and available or regionally required equipment. The Delivery, Processing and Handling Fee in AL, AR, FL, GA, LA, MS, NC, OK, SC and TX will be higher. Actual dealer price will vary.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Hybrid-Related Component Coverage: Hybrid-related components for hybrid vehicles are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable Owner's Warranty Information booklet for details.

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, front-wheel drive, rear-wheel drive, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable Owner's Warranty Information booklet for details.

Accessories: For accessories purchased at time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months or 36,000 miles (whichever comes first) from the vehicle's in-service date, which is the same coverage as the Basic coverage of the Toyota New Vehicle Limited Warranty.

For dealer-installed accessories purchased after the new vehicle purchase, the coverage is 12 months or 12,000 miles (whichever comes first) from the date the accessory was installed on the vehicle, or the remainder of the above 36 months or 36,000 miles Basic coverage from the vehicle's in-service date, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

For customers (non-dealer) installed accessories purchased after the new vehicle purchase, the coverage is 1 month or 12,000 miles (whichever comes first), from the purchase date of the accessory.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please refer to the applicable Owner's Warranty Information booklet or see your Toyota dealer.

DISCLAIMERS

All information in this eBrochure is based on data available at time of posting, is subject to change without notice and pertains specifically to continental U.S.A vehicles only.

- [1] 4-wheel drive (4WD) models only. Automatically disengages at speeds above 25 mph.
- [2] Hill Start Assist Control (HAC) is designed to help minimize backward rolling on steep ascents. Downhill Assist Control (DAC) is designed to help the driver maintain vehicle control and speed on steep, downhill descents. Neither system is a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether DAC and HAC will be effective in preventing a loss of control. Please see your Owner's Manual for further details.
- [3] Standard on models equipped with V6 engine or 4-cylinder model equipped with 50/50 Split & Stow 3rd Row™ seats.
- [4] Standard on 4-cylinder models, not available with 50/50 Split & Stow 3rd-Row™ seats.
- [5] The Sport Appearance Package replaces the standard tires with run-flat tires and does not include a spare tire or spare tire cover.
- [6] 4-cylinder Sport models equipped with Sport Appearance Package will become available early 2010.
- [7] Available in Sport Appearance Package. 4WD V6 model only
- [8] Satellite radio requires XM- or Sirius-compatible receiver and monthly service fee. See your Toyota dealer for further details. Reception of the satellite signal may vary depending on location. All fees and programming subject to change. Subscriptions subject to the terms and conditions available at www.xmradio.com or www.sirius.com. Available only in the 48 contiguous United States.

[9] Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment.

[10] On Limited models only - Deletes standard AM/FM 6-Disc In-Dash CD Changer and Integrated XM Satellite Radio and the 90 day trial subscription

[11] The phones on this site have been tested for Bluetooth® compatibility with Toyota vehicles. Performance will vary based on phone software version, coverage, and your wireless carrier. Phones are warranted by their manufacturer, not Toyota.

[12] The navigation system is designed to assist in locating an address or point of interest. XM NavTraffic® requires a monthly service fee and hardware, and is designed to provide real-time traffic or alternative routes of travel. Discrepancies may be encountered between the system and your actual location. Road system changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available in every city or roadway. Periodic navigation updates available at an additional cost. See your Navigation System Owner's Manual for further details.

[13] The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy.

[14] Requires Privacy glass or Base Extra Value Package.

[15] Second-row seat adds a walk-in system on passenger side.

[16] Requires 17-in. styled steel wheels with P225/65R17 tires or 17-in. aluminum alloy wheels with P225/65R17 tires.

[17] Not available with tonneau cover and multi-purpose cargo net with support poles. Deletes rear deck cover and cargo area second-row seats one-touch fold-flat lever.

[18] Not available with 50/50 Split & Stow 3rd Row™ seats.

[19] Requires available leather-trimmed seats.

[20] Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your Owner's Manual for further details.

[21] The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your Owner's Manual for details.

[22] The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system.

[23] Water-repellent deck board not available with fabric-trimmed 50/50 Split & Stow 3rd-Row™ seats on Base and Limited models.

[24] Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

[25] All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your Owner's Manual for further information/warnings.

[26] Active headrests can help prevent or limit the extent of whiplash in certain types of rear-end collisions.

[27] The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key, it can be costly to replace. If you lose a key, your Toyota dealer can help, or you can find a qualified independent locksmith to perform high security key services at www.aloa.org.

[28] On Limited models only - Deletes standard AM/FM 6-Disc In-Dash CD Changer and Integrated XM Satellite Radio and the 90 day trial subscription

[29] Cargo and load capacity limited by weight and distribution.
